

Customer REACH Confirmation Statement

Registration of Paroc Man Made Mineral Note Q Fibers

The REACH Regulation EC 1907/2006 (Registration, Evaluation, Authorisation and restrictions of CHemicals) has entered into force as of the 1st of June 2007. According to REACH manufacturers and importers need to register substances that are already on the EU market (i.e. phase-in substances) before December 2010 if their annual production exceeds 1000 tonnes.

This statement is to confirm that Paroc Group have fulfilled the REACH obligations for all legal entities (production units) below;

Paroc Oy Ab, Finland

Paroc AB, Sweden

Paroc Polska Sp. z o.o, Poland

UAB Paroc, Lithuania

SUBSTANCE REGISTERED

Substance Identification: EC number 926-099-9

Reference Substance name; “Man-made vitreous (silicate) fibres with random orientation with alkaline and alkali earth oxides (Na₂O+K₂O+CaO+MgO+BaO) content greater than 18% by weight and fulfilling one of the Nota Q conditions.”

Public name; MMVF Note Q fibres

Classification; Not Classified

Man-made vitreous (silicate) fibres with an index number of 650-016-00-2 fulfilling one of the Note Q conditions in the CLP Regulation (EC)No 1272/2008, as amended in Regulation (EC) No 790/2009 and thus exempted from classification)

The registration covers the fibres as substance in all Paroc products (loose wool, slabs, mats, rolls, bats etc). Products as such are not covered by Reach and Paroc (and neither its customers) do not have obligations with regards to those.

European Chemicals Agency (ECHA) confirmed the registration by allocating registration numbers to each legal entity. This number is informed on Paroc Safe Use Instruction Sheet.

<http://www.paroc.com/tools-and-documents/certificates-and-approvals>

Following the registration Paroc state that stone wool products do not contain (nor are they added in production) the substances mentioned in the so called “CANDIDATE LIST” of REACH (Updated 27.06.2018).
